2425 Merrill Field Dr. ^[L]_[SEP]Anchorage, AK 99501

Lake Clark Air offers round trip seat fares between Anchorage and Pilot Point on daily bases (subject to availability)

Round trip cost \$1075.00 per person, which includes 50lb of luggage; anything over 50lb will be travelling at the cost of \$2.25 per/lb. each way. All flights depart out of Anchorage around 8:00AM with check in time at 7:00AM. Our office located at 2425 Merrill field drive.

Lake Clark Air Anchorage office is located at Merrill field, on the North side of Anchorage, closer to the downtown area. There are several hotels that are a short cab ride away.

Return flights out of Pilot Point normally depart between 12:00PM and 3:00PM depends on the daily schedule and route.

Hunters can return any day, providing there are seats available. (24hour notice for travel is highly recommended)

Plan on bringing a soft gun case. You will be asked to leave your hard case at the Lake Clark Air office in Anchorage (saves space and weight) There you will put your rifle in a soft case for the flight to Pilot Point. I would suggest leaving your travel clothes in a bag or in your gun case at their office. Dress in your hunting clothes at the hotel the morning of your flight to help keep your luggage under 50 LBS. LKA does not charge you for your firearm and basically let you bring 60 LBS that includes you weapon.

The flight times are between 1:45 to 2:30 hours depending on how many stops they are making.

We will pick you up in Pilot Point. BML is 28 miles to the north. We will plan on meeting the airplane when you arrive.

Try Trivago.com for hotel choices and map.
